***Council does not make any profit from the cost of a ticket, if you are not able to attend but would like to support council, a donation would be greatly appreciated instead of a ticket purchase.

How Bids and Bites works:

1. A program is provided with all the items up for bid and an opportunity to browse the bid items is provided.
2. Bidding begins. If you are interested in bidding on the item, you put up your hand and you are provided a number, at which point you put either \$1, \$2 or \$3 in the basket on your table (depending on what the bid price is for the item), and add your number in the space provided in your program.
3. If you would like to have additional numbers, put your hand back up and another number will be provided and you put another \$1, \$2 or \$3 in the basket. This continues until everyone has as many numbers as he/she would like.
4. A number is drawn from a hat. If it is your number you have won the prize.
