Mike McDonald, Director of Education & Secretary

December 2020

Dear Parent(s)/Guardian(s),

Re: 2020-21 French Immersion Registration

The Brant Haldimand Norfolk Catholic District School Board offers a vibrant French Immersion and Core French Program for students across the District. To sustain the outstanding programs we offer, at the level of quality we expect, we reviewed the French Policy last year and have created caps for French Immersion registration as a result.

Over the past few years, we, along with other district school boards, have been faced with a challenge of finding qualified French teachers to instruct and facilitate our French programs. We continue to actively recruit, but in the meantime, in reviewing the policy, we have instituted a cap for our kindergarten registration in French Immersion.

We wanted families to know that a cap is again a reality for the upcoming 2021-22 school year.

Thank you for your interest in registering your child in our quality French programming offered at Brant Haldimand Norfolk Catholic District School Board. More information on registration will be forthcoming.

Sincerely,

Lorrie Temple
Superintendent of Education
